

NICMOS Focus History as of January 4, 1999 (focus at the detector center)

- Notes:
1. Focus at days 377 and 520 is corrected for the secondary mirror move on January 12 and June 4, 1998, which placed NIC3 in focus.
 2. Corrections for off-nominal FOM setting are applied to NIC1 and NIC2 focus for days 351, 368, 377, and 397
