SPACE TELESCOPE SCIENCE INSTITUTE • 3700 San Martin Drive • Baltimore, MD 21218

www.stsci.edu/institute/conference/astro2020

A workshop to discuss the astrophysical drivers for innovative and potentially revolutionary large space missions in the decade beyond 2020.

Invited Speakers include:

Rebecca Bernstein (U. Michigan)
Webster Cash (U. Colorado)
Jim Crocker (Lockheed Martin)
Dennis Ebbets (Ball Aerospace)
Richard Ellis (Caltech)
Eric Ford (Harvard Smithsonian Center for Astrophysics)
Jay Gallagher (U. Wisconsin)
Steve Kahn (KIPAC - Stanford/SLAC)
Dan Lester (U. Texas)
James Lloyd (Cornell)
Jon Morse (NASA HQ)
Thomas Prince (JPL)
Rachel Somerville (Max Planck Institute)
Max Tegmark (MIT)
Wes Traub (JPL)

Special Guest:

Alan Stern (NASA HQ)
