

PEARLS - 09

# SPIRAL ARM SUBSTRUCTURE IN NEARBY GALAXIES

SEPTEMBER 29TH - OCTOBER 1ST

A Workshop on “pearls”, “feathers”, and “spurs” in the arms of spiral galaxies, and how such features are related to spiral structure and star formation.

**John N. Bahcall Auditorium**, Space Telescope Science Institute

**Scientific Organizing Committee:**  
Ron Allen STScI, Steve Lubow STScI, Jim Pringle  
IoA Cambridge, Frank Shu UCSD, Stuart Vogel UMD
