

# “The Universe Beyond Your Eyes” Teachers’ Workshop, June 29, 2009 8:30 a.m. - 3:00 p.m.

## A Professional Development Workshop for Middle School Science Educators

The workshop will be held on Monday, June 29th at the Space Telescope Science Institute. The day’s activities will include a science content presentation about the Hubble Space Telescope and demonstrations of inquiry-based, classroom activities. During the demonstrations, participants will explore topics such as Light and Color, Infrared Light, Optics and Galaxies. Participants also will develop an understanding of how technology is essential to scientific progress, and will relate the significance of the electromagnetic spectrum to astronomy. Educators will receive a free sample packet of Hubble curriculum support tools for their classroom.

**Workshop attendance and participation is free of charge; however, due to high demands, advance registration is required.**

**A continental breakfast will be included. Please check one of the boxes below for lunch options.**

I will bring my own brown bag lunch.

\* I would like lunch to be provided by STScI. I am including an \$8 check to the address below, to cover my lunch cost, with the check made out to “Space Telescope Science Institute”, along with my completed application form.

**To register for the Youth for Astronomy and Engineering Program Teachers’ Workshop, please send your completed application by mail by June 22nd to the following address:**

**Space Telescope Science Institute  
3700 San Martin Drive  
Baltimore, MD 21218  
Attn: Tania Laguerre**

**OR Fax your completed form to (410) 338-2519.**

Full Name \_\_\_\_\_
