

2012 SPACE ASTRONOMY SUMMER PROGRAM AT STSCI

Engage in astronomical research, public outreach and education, or mission support and software development at the Space Telescope Science Institute. STScI operates the Hubble Space Telescope for NASA, and will operate the James Webb Space Telescope when it is launched in 2018. We seek dynamic undergraduates with a love for science.

For further information go to:

<http://www.stsci.edu/institute/sd/students>

or email summerintern@stsci.edu

Applications will be accepted from 2 Jan 2012 to 25 Jan 2012 (5:00 p.m. EST).

The Space Telescope Science Institute is located on The Johns Hopkins University's Homewood campus in Baltimore, Maryland. The internship is a full-time nine week program running from 18 June 2012–17 August 2012. There will be a \$600 weekly stipend, travel and housing assistance provided. STScI is a visa sponsor.
