Subject: Re: JWST GTO Program #1294

Hi Wes,

I made a mistake. The revised accounting is the following:

ID #1242 - 1.75 hours for eta Crv MIRI/MRS

ID #1183 - 2.45 hours for HD 32297 NIRSpec/Fixed Slit

These two contributions sum to 4.2 hours which is less than 4.5 hours.

How do I get this fixed?

Best Wishes,

Christine
