Hi Nora,

No problem - I know it's difficult to fit exactly in the box. We will go with this - just wanted to give a heads up in case anyone else made changes down the line.

Thanks!  
Neill

Hi Neil,

Happy New Year! I'm sorry that happened, I thought we had the math figured out but I must have lost an hour somewhere on the way. I hope its not too big of a problem. I'm happy to file the TTRB just let me know if its needed.

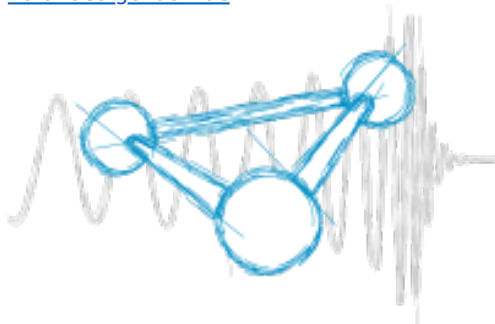

Cheers,  
Nora

Subject: NIRSpec GTO program

Hi Nora,

Just a heads up that the NIRSpec GTO program is slightly over budget. It's only a hour or so, so we don't need you to take any action at present. We may need to ask for you to submit a TTRB request for the additional time if it happens to creep up much more.

All best wishes for 2024,

Neill
