Dear Shelly and Tony:

You were probably already informed of this by the NIRSPEC team, but there was a reallocation to GTO program 1230. It does not affect either program 1189 or the NIRCам share of program 1230, but the allocations are now:

**Y-Dwarf GTO Consortium Time Accounting**

*Program 1189, led by NIRCам*

Total charged hours in program: 28.11 hours

Hours contributed to Program by NIRCам: 23.26 hours

Hours contributed to Program by NIRISS: 1.49 hours (for J1828)

Hours contributed to Program by MIRI: 3.36 hours (For J1828 and J0458)

*Program 1230, led by NIRSPEC (all for J0855)*

Total charged hours in program: 12.24 hours

Hours contributed to Program by NIRSPEC: 7.00 hours

Hours contributed to Program by NIRCам: 2.13 hours

Hours contributed to Program by NIRISS: 1.48 hours

Hours contributed to Program by MIRI: 1.63 hours

*Program 1276, led by MIRI (all for WD0806)*

Total charged hours in program: 10.08

Hours contributed to Program by NIRCам: 4.31 hours

Hours contributed to Program by MIRI: 5.77 hours
