The Space Telescope Science Institute’s Youth for Astronomy & Engineering Program (YAE) in the Office of Communication and Public Outreach is hosting our annual

2016 Women’s Science Forum for Middle & High School Girls

Girls in grades 6 through 12 are invited to engage in a full day of interactive science presentations and hands-on activities related to science and engineering. The students are encouraged to share their career dreams, ask questions, and explore the opportunities in science and engineering career disciplines. In addition, we invite parents to attend our Parent Workshop. During the workshop, parents will have an opportunity to participate in science and career activities designed just for them, and engage with professionals in the related fields. Lunch will be provided.

Saturday, March 12, 2016
10:00 a.m. to 3:00 p.m.

To register for the Forum, please send your completed application with a check for $15.00 per person made payable to “Space Telescope Science Institute”, and mail to the following address:

Space Telescope Science Institute
Youth for Astronomy and Engineering Program
Attn.: Tania Anderson, Manager
3700 San Martin Drive
Baltimore, MD 21218

For more information, or to register online, please visit our website at www.stsci.edu/yae

QUESTIONS? E-mail us at yae@stsci.edu or call 410-338-4571

To parents/guardians of applicants, please sign and date the parent/guardian agreement below.

I am aware that the Space Telescope Science Institute is a research institution operating a NASA mission, and that as such, inappropriate behavior and unauthorized separation from the group is not permitted. Please note that pictures will be taken throughout the event, which may be posted on our YAE website, Annual Report, and/or other educational/promotional materials related to the YAE program. By signing below, you are authorizing those listed above to be photographed for such purposes.
