work cell 240-475-3917

So, we commissioned JWST...

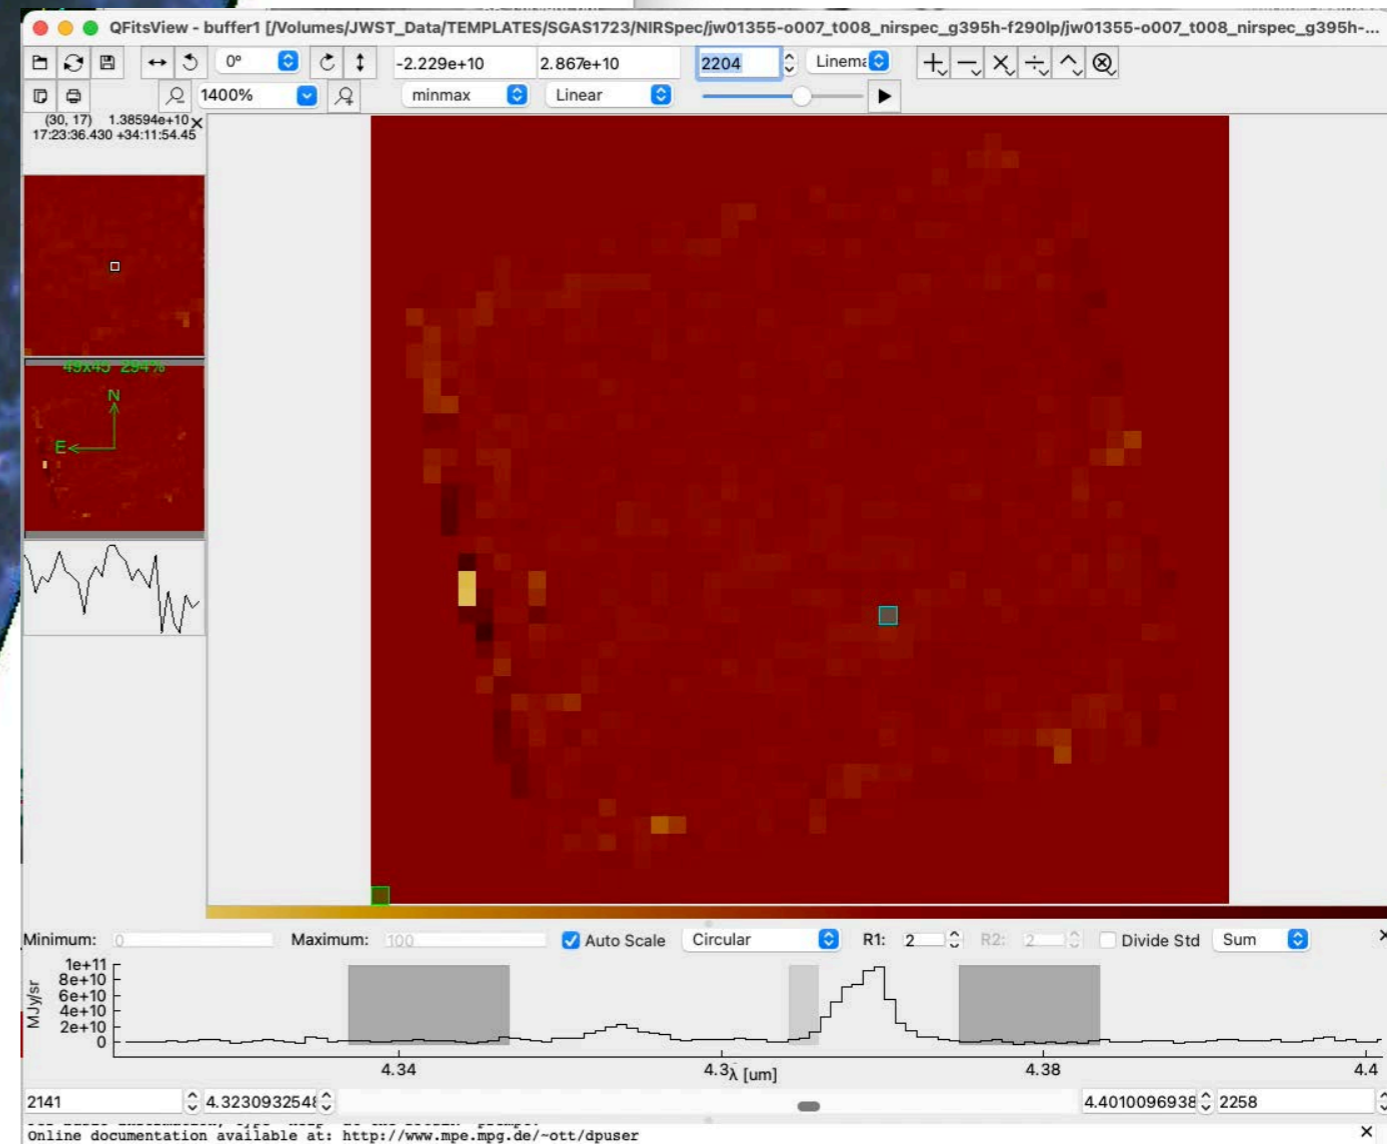

- Mode readiness reviews held for all 17 science instrument modes. All passed, with some liens being worked through.**
- Post-launch assessment review held 14–15 July 2022**
- Document, “Characterization of JWST science performance from commissioning”, released July 12 via STScI website and arXiv. Rigby, Perrin, McElwain, + 600 co-authors**
- JDox initially updated; will be fully updated by release of Cycle 2 Call for Proposals**

Currently plowing through Cycle 1 Science

Data from PIDs 2170 (PI Lee) and 1355 (PI Rigby)
